Regarding: Parole Board Hearing for Casey Brezik #1154765

Dear Honorable Members of the Parole Board,

As a concerned citizen who is interested in helping Casey successfully transition into life outside of prison, I am writing to request that you please grant Casey's parole.

Casey has been working hard during his incarceration to address his problems with addiction and mental illness and I believe that he has made substantial progress in these efforts. Despite the mistakes he has made, I believe Casey is ready to meet the challenges of daily life and would be a positive contribution to any community.

Casey's efforts toward meeting educational and personal goals during his incarceration have been inspiring. Casey is passionate about learning and with the help of his support network he has been studying math and science related topics in preparation for pursuing a college degree upon his release while working to support himself in the meantime.

Casey is well supported by a network of people across the country as well as by his family. I am willing to provide financial, emotional and spiritual support to Casey during his transition back to life outside of prison.

Thank you for your consideration in this matter.

Sincerely,
